Telling Time by Flowers. "With a little time and labor it would be possible to construct a garden whose flowers would combine to make a first rate clock," said the botanist. "It is 5 a. m. when the sow thistle opens," he continued. "It is 5:30 when the dandecleses. At noon precisely the yellow goat's beard closes. At 2 p. m. the

closes. The dandelion closes at 8 sharp. Since Pliny's time forty-six flowers have been known to open and shut with great punctuality at certain hours Bills of Different Birds

crushing seeds-has strength, but in and weak. Many of the pigeons and doves that feed on seeds have gizzards that are large and muscular-crushing and grinding being accomplished in

It is difficult to say bow much birds experience taste, probably in a small degree. Ducks and parrois have soft, fleshy tongues, but in most birds much of the tongue is sheathed in horn. Food may be selected by intuition as to what is wholesome, more than by taste.-St. Nicholas.

In Paris the municipal chemists ac cept milk as pure when it contains on ounce of butter and four ounces of solids per quart. At Bern milk must contain at least 3 per cent of butter and may contain 90 per cent of water. At Berlin the police seize all milk offered for sale which is below the legally required standard of 2.7 per cent of fatty matters. This allows the dairymen to add with safety from 10 to 13 per cent of water to fairly rich milk.

"Of course, I don't want to criticise, but I don't think it was altogether right for David to say 'all men are

"Well, at any rate, it was safer than to pick out one man and say it to him." -Philadelphia Ledger.

An Old Clock. The great clock at Rouen has been measuring time and striking the hours and quarters for over 500 years and, it is said, has been running all this time without interruption.

Modern Gallantry. The Man (in the street car)-Take my seat madam. The Woman-Thank you, but I also get out at the next corner.-Chicago News.
